DETAILED ACTION

Status of Claims

Claims 1-4 and 11-13 remain for examination.

Response to Amendment

The amendment to the specification filed 09/02/2009 is acknowledged.

Claim Rejections - 35 USC § 103

The rejection of claims 1-4 and 11-13 under 35 U.S.C. 103(a) as being unpatentable over U. S. Patent No. 6,663,948 set forth in the previous office action stands.

The text of those sections of title 35 US Code not included in this action can be found in the prior Office Action.

Double Patenting

The rejection set forth in the previous office action is withdrawn since claim 3 and claim 11 are depended from different claims.

Response to Arguments

Applicant's arguments filed 09/02/2009 have been fully considered but they are not persuasive. Therefore, the grounds of rejection for claims 1-4 and 11-13 as indicated in the previous Office Action stand.

The applicant argues that the instant application and the prior art has same assignee. The Examiner respectfully submits that the fact that the reference and the application have the same assignee is not, by itself, sufficient evidence to disqualify the prior art under 35 U.S.C. 103(c). There must be a statement that the common ownership was "at the time the invention was made."

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
